

Turn any home into a statement of style with **Royal Designer Half Round**. Its distinctive half-round profile, with its subtle low-gloss woodgrain finish, is available in a choice of designer colors to give homes unique architectural detailing. Sometimes a home requires just a small design element to make it a real stand out. Half Round panels are ideal for this type of application.

Shown: Royal Woodland 16 Double 4.5" Traditional in Country Green accented with Royal Designer Half Round in Linen.

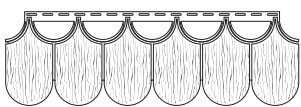

Featuring a classic half-round profile and incomparable low-gloss woodgrain texture, Royal Designer Half Round panels are a charming architectural detail suitable for all styles of homes.

Half Round Features:

- Attractive half-round, architectural profile adds a touch of elegance to traditional and modern homes alike
- Low-gloss woodgrain finish beautifully replicates the appearance of real cedar
- Extra thick profile with built-in ribs increases strength and rigidity; panels install flat for a subtle shadow line
- Molded perimeter locking system provides an easy installation and results in a clean, natural look
- Innovative color-through process never needs painting
- Available in a variety of popular exterior shades
